ION Science MiniPID 2: New dry flex seals

As part of our continued effort to deliver the best performing PID sensors on the market we are pleased to announce the latest innovation to the MiniPID 2 Electrode Stack: A New Dry Flex Seal.

Dry Flex Seals will offer enhanced seal integrity to our Electrode Stacks. This change will be within all of our Electrode Stacks for both 3Pin and 6Pin MiniPID2.

The Dry Flex Seal modification will be a phased introduction as of the 1st of December 2018.
